declare under our sole responsibility, that we are aware of our responsibility within the supply chain and adhere to all guidelines required by POP Declaration 2019/1021 (Persistent Organic Pollutants).

Regulation EU 2019/1021 transposes the Stockholm Convention to eliminate persistent organic pollutants into European law. Paragraph 7 of the preamble of this regulation refers to the prohibitions of POP's according to the regulations EU

- 1907/2006 (REACH)
- 1107/2009 (Plant Protection Regulation)
- 528/2012 (Biocides Regulation)

and the ban on the production of these substances.

All products delivered to you by TOPTICA Photonics AG are non-chemical and non-organic products. TOPTICA Photonics AG is a so-called "downstream user in the supply chain in terms of REACH.

We are aware of the obligations under REACH. To our latest information, our products do not expose any hazardous substances if the devices are used as specified. Through communication along the supply chain, we assume that our products do not contain banned substances. We track updates of the POPs Regulation, in particular Annexes I to III. Furthermore, we refer to our RoHS declaration.

TOPTICA Photonics AG points out that there is no legal obligation to indicate the substances contained in the delivered products, as long as no substances from the relevant lists are contained in these products.

This product information is based on our current knowledge and experience. We take neither liability nor warranty for factors beyond our knowledge and control.
